

Electronics Training Program

Be Worth More! - "Learn Electronics"

Earn the following Technology Career Certificates and put them on your resume!

ETCP-01 Career Certificate #1
"Basic Electronics Concepts and Components"

ETCP-02 Career Certificate #2
"Electronics Circuit Assembly and Schematics"

ETCP-03 Career Certificate #3
"DC Electronics with Multimeter Use"

ETCP-04 Career Certificate #4
"AC Electronics and Solid State Devices"

ETCP-04 Career Certificate #5
"Digital Electronics Circuits and Op Amps"

ETCP-06 Career Certificate #6
"Use of 5 Basic Electronics Test Instruments"

ETCP-07 Career Certificate #7
"Electronics Troubleshooting and Repair"

ETCP-08 Career Certificate #8
"Robotic Assembly and Programming"

ETCP-09 Career Certificate #9
"Microprocessor Assembly and Programming"

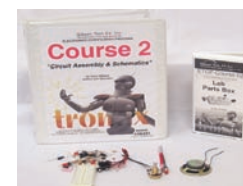

ETCP-10 Career Certificate #10
"PLC Logic and Programming"

Electronics Training Program

- Course #1 - Basic Electronics Concepts & Components #ETCP-01 \$131.00**
- #CD01-01 Software "Fundamental Concepts & Components" for Course ETCP01 ****\$99.00**
(Licensed for one computer)
 - #SM101B Study Manual for Course ETCP01 **\$19.90**
 - #TP102 Experiment Parts for Course ETCP01 **\$9.95**
 - #CB111 Solderless Circuit Board for Course ETCP01 **\$5.95**

- Course #2 - Electronic Circuit Assembly and Schematics #ETCP-02 \$132.00**
- #CD02 Software "Circuit Assembly and Schematics" for Course ETCP02 ****\$99.00**
(Licensed for one computer)
 - #SM201B Study Manual for Course ETCP02 **\$19.90**
 - #TP102 Experiment Parts for Course ETCP02 **\$9.95**
 - #CB111 Solderless Circuit Board for Course ETCP02 **\$5.95**

- Course #3 - DC Electronics with Multimeter Use #ETCP-03 \$190.00**
- #CD03 Software "DC Concepts and Multimeters" for Course ETCP03 ****\$99.00**
(Licensed for one computer)
 - #SM301B Study Manual for Course ETCP03 **\$19.90**
 - #TP102 Experiment Parts for Course ETCP03 **\$9.95**
 - #CB111 Solderless Circuit Board for Course ETCP03 **\$5.95**
 - #MMPARTS Multimeter Experiment Parts Kit Needed for Course ETCP03 **\$21.95**
 - #CK3030S Multimeter for Course ETCP03 **\$35.90**

- Course #4 - AC Electronics and Solid State Devices #ETCP-04 \$269.00**
- #CD04 Software "DC Concepts and Multimeters" for Course ETCP04 ****\$99.00**
(Licensed for one computer)
 - #SM401B Study Manual for Course ETCP04 **\$29.90**
 - #98-38 Power Supply Trainer Kit **\$19.90**
 - #E-DT-100K Transistor Checker Kit **\$21.90**
 - #9999 Blinker Kit **\$2.90**
 - #GK1185P Video: "How to Solder" DVD **\$149.00**

- Course #5 - Digital Electronics Circuits and Op Amps #ETCP-05 \$139.00**
- #CD05 Software "DC Concepts and Multimeters" for Course ETCP05 ****\$99.00**
(Licensed for one computer)
 - #SM501B Study Manual for Course ETCP05 **\$19.90**
 - #TP202 Experiment Parts for Course ETCP05 **\$18.95**
 - #CB222 Large Solderless Circuit Board **\$7.85**
